Dear Panning Commissioners and members of the Board of Supervisors,

I write today to express my full support of the Guenoc Valley Mixed-Use Project.

I am a realtor with Re/Max Gold in Middletown and believe this project will benefit our county and our community.

This proposal has done an exemplary job of following the Lake County General Plan, the Middletown Area Plan, and the economic development plan. The balance of sustainability, smart growth land-use techniques, married with an ultra-luxury high-end hospitality model, provides an opportunity for Lake County to revitalize the historical resort community that it once was. As a community member, I am excited about this project and hope to see it come to fruition. I urge you to vote yes in support of the benefits of this project in the contribution to this community economic vitalization.
