Dear Planning Commissioners and members of the Board of Supervisors,

I write today to express my full support of the Guenoc Valley Mixed-Use Project.

This proposal has done an exemplary job of following the Lake County General Plan, the Middletown Area Plan, and the economic development plan. The balance of sustainability, smart growth land-use techniques, married with an ultra-luxury high-end hospitality model, provides an opportunity for Lake County to revitalize the historical resort community that it once was. I have spent a lot of time in the Middletown area over the past 10 years and continue to support that local community. I think we are very fortunate to have such a qualified team of professionals and developers manage such a vision and create something that is much needed. I give my full support to this project and encourage the Planning Commission and Board of Supervisors to consider a unanimous approval.
