Hey Sateur,

Thank you for sending over the CRS. Our Tribal Historic Preservation Office has reviewed the project and concluded that, although it is within the aboriginal territories of the Middletown Rancheria, our Department has cleared the project and is comfortable with project moving forward, under the mutual understanding that the Tribe is contacted should there be any significant inadvertent discoveries.

Should any new information or evidence of human habitation be found as this project progresses, or an expansion of ground disturbing activities, we respectfully ask that all work cease and that you contact the Tribe immediately. We do have a process to protect such important and sacred resources. We thank you for providing us with this notice and the opportunity to provide comments to the referenced project(s). Nothing herein should be construed to be a waiver or limitation of any of Middletown Rancheria's rights in law, equity or otherwise. All rights, claims and remedies are specifically reserved.
