

JUSTIFICATION OF PROPOSAL
for review by
Local Agency Formation Commission

Chapters 6.5 and 6.6 of Part 1, Division 2, Title 5 of the Government Code charge the Local Agency Formation Commission with responsibility for the review and evaluation of proposals for the formation of, or annexation to, local agencies. As provided in the sections of the code referred to above, the factors to be considered by the Commission in reviewing such proposals shall include but not be limited to:

- (1) Population; population density; land area and land uses; per capita assessed valuation; topography, natural boundaries, and drainage basins; proximity to other populated areas; the likelihood of significant growth in the area, and in adjacent incorporated and unincorporated areas, during the next 10 years.
- (2) Need for organized community services; and present cost and adequacy of governmental services and controls in the area; probable future needs for such services and controls; probable effect of the proposed formation and of alternative courses of action on the cost and adequacy of services and controls in the area and adjacent areas.
- (3) The effect of the proposal, and of alternative actions, on adjacent areas, on mutual social and economic interests and on the local governmental structure of the county.

In order to facilitate the Commission's review of your proposal it will be necessary for you to complete the following questionnaire and file the same together with the appropriate notice of intention relating to your proposal. All questions must be answered; if the question is not applicable to your type of action, you may so state. Pursuant to the rules of the Commission, no notice of intention will be accepted for filing unless accompanied by this completed questionnaire.

A. General

1. Type and designation of proposal: Formation of Scotts Valley Water Conservation District.
2. Statutory provisions governing proceedings.
Gov't. Code §§ 54775, 54791 - 54797
Water Code § 30201, et. seq.

B. Physical Features

1. Land area: square miles _____; acres 2,609.
2. State general description of topography: flat bottom land
3. Describe "natural" boundaries: (Rivers, mountains, freeways, etc.)
Hills surrounding Scotts Valley
4. Describe drainage basins, rivers, flood control channels, etc.
Scotts Valley, including artesian basin and water sources feeding Scotts Valley, including Scotts Creek
5. Describe major highway access to the area:
Highway 29 to Hill Road to Scotts Valley Road, from east Scotts Valley Road from north

C. Population and related matters:

1. Population in subject area: 155
2. Population density (i.e. per square miles, per acre.): .06
3. Number of registered votes: 71
4. Number of dwelling units: 65
5. Proximity to other populated areas: Lakeport is distant 3 miles to Southeast

6. Likelihood of significant increase in population in next 10 years:
Very little, due to agricultural zoning.
7. Likelihood of significant increase in adjacent areas in next 10 years:
 - a. In unincorporated areas: Substantial likelihood
 - b. In incorporated areas: Substantial likelihood

D. Economic Factors:

1. Zoning and related matters:
 - a. Describe the existing land use in the area which is the subject of this proposal. Agriculture including pears, walnuts and possibly grapes in the future.
 - b. Detail existing zoning.
Agricultural
 - c. Describe proposed new zoning or changes in zoning, if any:
None
2. Assessed value in area: \$1,068,060
 - a. land:
 - b. improvements:
 - c. amount of publicly owned land in area:
3. Amount of Sales Tax collected in area: \$4,837.01

- E. Governmental Services in area: (Describe in such detail as is appropriate to the area the existing governmental services and controls in the area including, for example, police protection, fire protection, health services, garbage and trash collection, libraries, parks and playgrounds, sewers, streets, street lighting etc.). Lake County Sheriff, Lakeport Fire District, Lake County Health Dept., Lake County Library, County Road Dept., Lake County Flood and Water Conservation District.

F. Need for additional governmental services or controls:

1. Describe those governmental services or controls which should be provided which are now not provided or which should be provided in increased amount in the area. None, except for conservation of water resources of Scotts Valley
2. Estimate probable future need for new or increased governmental services or controls in the area.
None

3. Describe how your proposal meets the need which you have described in paragraphs F, 1 and 2 above.

See below under "I"

- G. What revenue will your proposal require for the accomplishment of its goals and what are the prospective sources of such revenue? Source of revenue is ad valorem property tax. Revenue will be needed in unknown amounts for expenses of formation and services of consultants

- H. Estimate to the best of your ability the effect of the proposal on:

1. Cost of governmental services and controls. None, except that property tax will be imposed for districts' needed revenue.
2. Adequacy of governmental services and controls. Protection of water sources should be improved.
3. Mutual social and economic interests. Economic interests should be advanced if water sources needed for irrigation are
4. Local governmental structure of the County. protected or improved.
None, except for creation of governing board of proposed district.

- I. Any other comment which you wish to make:

Existence of water conservation district would provide a locally controlled entity which could undertake measures to conserve the water resources of Scotts Valley and which could consider entering cooperative agreements with other entities looking toward the enhancement of the present water resources of Scotts Valley.

Petition for a Scotts Valley Water District

We the following property owners and/or registered voters within the boundaries of the proposed Scotts Valley Water District hereby petition for the said Water District believing:

1. We can best conserve and enhance our water supply and riparian rights by joining together in such a district.
2. Projects now proposed, such as the Scotts Creek Dam, and interim measures, such as flash dams and the preservation of vital water bearing gravels in the creek beds can better be promoted by group endeavor than by individual action.
3. A district at the grass-roots covering such a natural basin as the area proposed in Exhibit #C would provide a legal entity for governmental agencies to consult with in the solution of mutual and area and water and flood control problems and projects. Without such a district agreements arrived with individuals could adversely affect the far greater majority of the properties involved.
4. It is not the desire of growers to resort to legal action to preserve our water rights with the City of Lakeport if mutual problems can be resolved through discussion. However, without an authorized body (i.e. The Water District) the threat of individual and/or class action will remain. Each grower will be forced to act in his own interest to protect his riparian rights and the value of his property. Thus, a District is vital to the resolution of present water problems if an understanding, other than court action, is to be reached.
5. Looking to the future - A district would enable the area to act in concert to solve problems of available water and its distribution in the area. It could also be effective in matters of flood control, which with Valley Subsidence, is becoming a major drainage problem.
- 6- Both increasing available water in the summer months and reducing the flooding in the winter and spring could be done better by a district working cooperatively with existing governmental agencies.

Here the district would be an effective instrument for the local, State and Federal agencies to work with in resolving present and future water and water control needs.

CONCLUSION

Serious damage by subsidence in the central Scotts Valley area has already occurred. This subsidence threatens to worsen affecting not only the underground storage in basin, but also flooding and drainage during high water periods.

The water shortage problems must, somehow, be met. The agricultural area is dependent upon a reliable water supply during the growing season. Both the sizing of our fruit and health and vigor of our trees depends upon meeting the moisture requirement.

These factors affect every property owner and has a serious adverse affect on the economic well-being of the Valley.

Such economic conditions could also seriously effect the tax base of the area and business conditions in Lakeport, and the surrounding areas.

Believing that self-government can help resolve these problems of the present and the future we earnestly petition for the formation of the above mentioned district.

. PETITION FOR THE FORMATION OF
SCOTTS VALLEY WATER CONSERVATION DISTRICT
Pursuant to Water Conservation District Law of 1931
(Water Code §74000, et seq.)

The undersigned, being qualified electors within the territory described on Exhibit "A", do hereby petition for the formation of a water conservation district, pursuant to the Water Conservation District Law of 1931 (Water Code §74000, et seq.), to be known as SCOTTS VALLEY WATER CONSERVATION DISTRICT, and to be composed of that territory within the County of Lake, State of California, more particularly described on Exhibit "A" attached hereto, and do further request that the Board of Supervisors of the County of Lake, upon the definition and establishment of the proposed boundaries of the said District, divide the District into three divisions.

All bonds of the District and all bonds of any improvement district created therein shall be payable from assessments to be levied upon all real property in the proposed District or in the improvement district created therein.

RESOLUTION OF BOARD OF SUPERVISORS OF
COUNTY OF LAKE DECLARING THE FORMATION
OF THE SCOTTS VALLEY WATER CONSERVATION
DISTRICT AND DECLARING THE FIRST DIREC-
TORS THEREOF

WHEREAS, on September 11, 1972, at a regular meeting of
the Board of Supervisors of the County of Lake, Resolution No. 72-
173 was duly passed, approved petition for formation of Scotts
Valley Water Conservation District, fixing boundaries thereof and
establishing divisions therein;

WHEREAS, on September 11, 1972, at a regular meeting of
the Board of Supervisors of the County of Lake, Resolution No. 72-
174 was duly passed, calling a special election for the formation
of the Scotts Valley Water Conservation District and to elect the
first directors thereof if the district is formed;

WHEREAS, notice of such special election was issued, pub-
lished and posted in compliance with the provisions of Sections
74097 and 74098 of the California Water Code;

WHEREAS, such special election was duly and properly held
on October 17, 1972; and

WHEREAS, on October 17, 1972, the duly appointed election
officials did make their report of the results of the election to
the Lake County Board of Supervisors; and

WHEREAS, on October 24, 1972, at a regular meeting of
the Board of Supervisors of the County of Lake, said Board of Super-
visors did canvass the votes so cast at said special election; and

WHEREAS, the results of said special election were as
follows:

 2 Scotts Valley Water Conservation District : "no" 5
 3 Director - Division I Marcellino Rivas 9
 4 Director - Division II William G. Estrem 18
 5 Director - Division III Jared Hendricks 18

6 NOW, THEREFORE, the Board of Supervisors of the County of
 7 Lake does hereby resolve as follows:

8 1. That the territory proposed as the Scotts Valley Water
 9 Conservation District and particularly described in Exhibit "A"
 10 attached hereto and by this reference made a part hereof is declared
 11 to be duly formed as a water conservation district and shall bear
 12 the name of "Scotts Valley Water Conservation District"; and

13 2. That the following named persons, respectively, having
 14 received a majority of the votes cast in each division of said Scotts
 15 Valley Water Conservation District are hereby declared to be the
 16 duly elected directors of said District:

17 Division I Marcellino Rivas
 18 Division II William G. Estrem
 19 Division III Jared Hendricks

20 3. The Chairman of the Board of Supervisors of the
 21 County of Lake is hereby directed to cause a copy of this Resolution
 22 to be filed for record in the office of the Lake County Recorder.
 23 The Clerk of the Board shall cause a copy of the map and a descrip-
