

Livestock & Natural Resources Advisor

Serving Lake & Mendocino Counties

Jennie Lane, DVM, MPH

About Me

- Grew up in rural Western New York
- SUNY Geneseo, BS Biology
- Michigan State University, DVM
- University of California, Berkeley, MPH
- Resident of southern Lake county since 2021

Work Experience

- Practicing ambulatory large animal veterinarian, PA & NJ
- International Livestock Development experience, East Africa
- Food Security policy work, Washington, DC
- Livestock disease & wildlife health research, disaster preparedness, One Health education, watershed restoration work, Davis, CA & globally

Program Goals & Initial Priorities

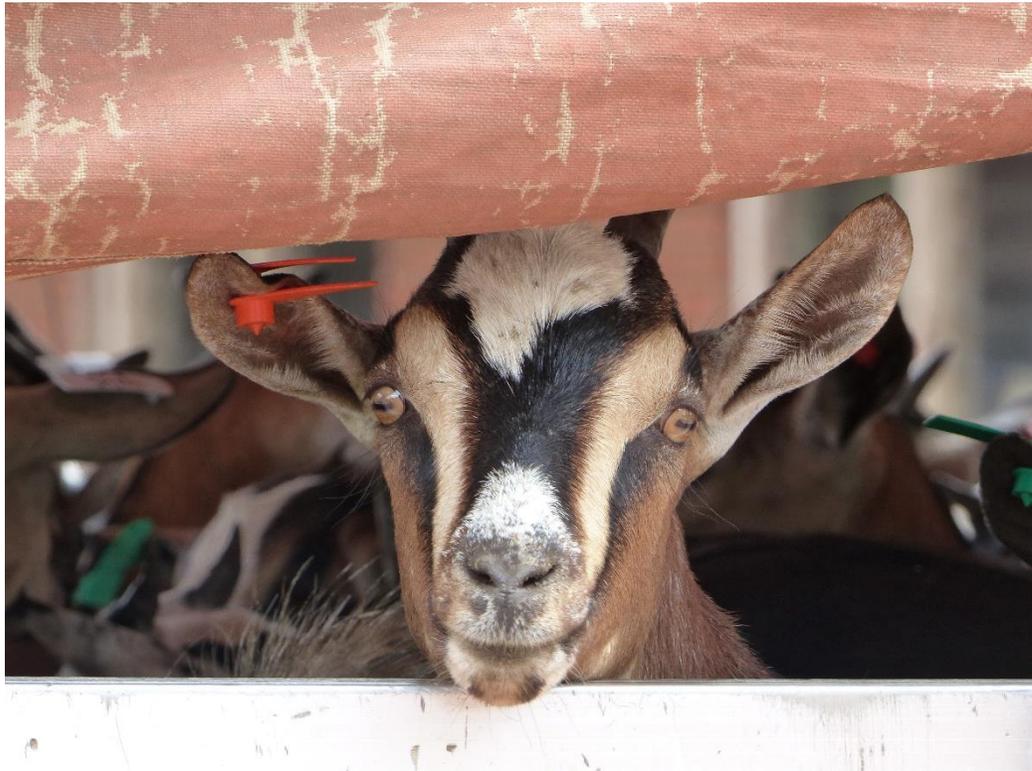

Goals

- Work with livestock producers and land managers to:
- 1) Collaboratively address local needs and priorities to improve livestock and rangeland health
 - 2) Contribute to a thriving local economy
 - 3) Leverage livestock to improve wildfire resilience

Priorities

- 1) Meet & network with a variety of stakeholders and producers
- 2) Thorough, thoughtful needs assessment
- 3) Identify top priority topics for next 12-18 months
