Eric,

The Department of Public Works has reviewed the proposed application for an over height fence for Janet Attard at 5145 Davis Drive, Lakeport. Since it appears that the property owner will be constructing their fence fully on their private property, The Department has no comments or concerns regarding MUP 24-02.

IF the property owner proposes to construct any portion of the fence within the Public Right-of-Way, they will need to obtain an Encroachment Permit from the Department of Public Works prior to constructing any portions of the fence within the Public Right-of-Way.

Thanks,
David Bingham
