Subject: UP 23-09, IS 23-20 Site Plans

Hello,

Please be advised that I am still awaiting changed to the site plans showing that all structures have a 100 foot setback and that the property lines have been properly evaluated as accurate as drawn to show that the Western property line is not the Eastern property line as mentioned by the county surveyor. These changes must be made prior to sending this project to management for approval and I am nearly finished drafting the Conditions of Approval, so that time is coming up quick.

Thank you,

Max Stockton
