Re: Public Comment for PL25-198 Poverty Flats UP 23-09

To: Maria Kann <mariackann@gmail.com>

Good afternoon Maria,

Thank you for our call today regarding the Poverty Flats cannabis grow project. I wanted to reiterate my involvement and the concerns of the tribe.

I conducted a site visit back in April of 2023. During that visit, I informed the owner that the tribe wished to enter into consultation to ensure tribal monitors would be present during any grading activities. This area holds significant cultural value to our tribal people, and it is crucial that our resources are protected.

Since that initial site visit and communication, I have not received any further contact or updates regarding this project.

Good Morning Mr. Mota,

Thank you for speaking with me this morning and for all you do to protect the cultural and tribal resources in Lake County and, especially, High Valley. I appreciate you taking the time today to submit a public comment outlining your involvement and communications with the project applicant. My appeal is on Tuesday October 21 at the county courthouse at 9:30am if you are able to attend in person or on Zoom. Your participation and help is very much appreciated!

Thank you again for helping to protect the rich history of our tribal community.

Sincerely,
Maria Kann
