

Helping Lake County Cut Costs & Save Energy

Northern Rural
Energy Network

Practical Energy Solutions, Real Savings

Seven Flexible Local Programs

- Residential Education & Outreach
- Residential Rebates
- Finance/Loan Programs
- Public Agencies
- Commercial & Small Business Direct Install/Rebates
- Workforce, Education & Training
- Codes and Standards Education

Residential Education and Outreach

Residential Education and Outreach:

Outreach and energy awareness information to all residential utility customers in Lake County

- Local events
- Website Northernren.org
- Advertising, email marketing etc.
- **Free Energy Efficiency Kits – available now!**
- **Free Home Energy Assessments – launching 6.2.25**

GOAL: Determine local energy needs & priorities, increase awareness, provide entry point to benefit from rebates and finance programs.

Residential Rebates

Residential Rebate Program

Energy Rebate Program for Lake County

- Rebate Finder on the website by zip code. Currently offering:
 - Heat pump heating/cooling
 - Heat pump water heaters
 - Appliances
 - Ventilation and room air conditioners
- Hope to launch insulation (attic/crawl/walls), duct sealing & insulation (including mobile homes) in the future.

GOAL: Create drivers to overcome barriers to Energy Efficiency in rural, hard to serve areas and achieve reductions in energy consumption.

Finance Programs

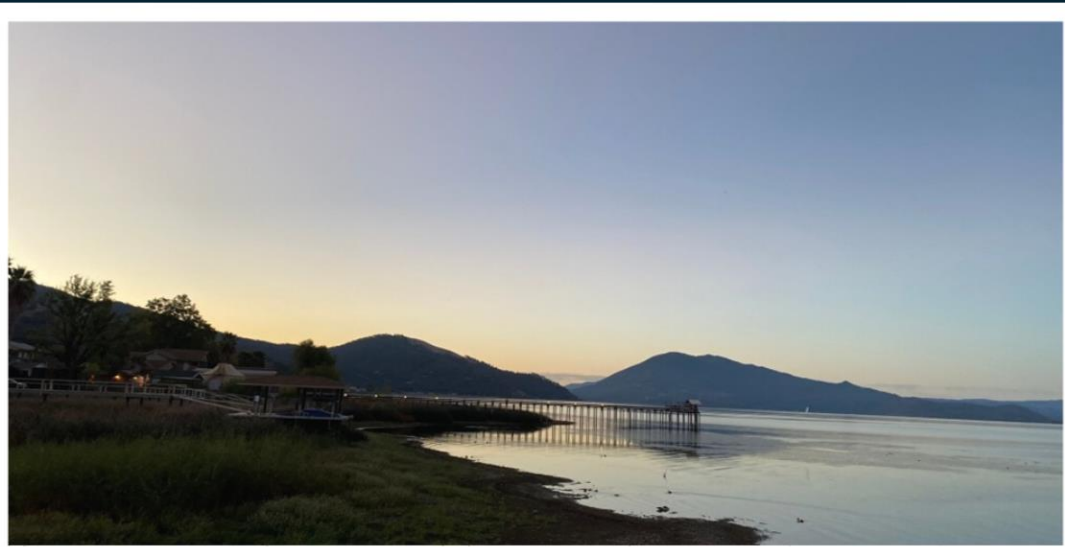

Finance Program

0% interest loans for varying terms

- Micro loans
- Bridge loans
- Electrification loans

Needs Assessment will be launched soon with surveys targeted at these sectors:

- Residential
 - Small & Medium Sized Businesses
 - Public Buildings
-
- Just interviewed a firm to craft the program design
 - Expect programs to launch in November of 2025
