Subject: [EXTERNAL] the M95 mask notes from Joan Moss, 1-707- 279-1650, 1-707-262-2457
Date: Friday, June 19, 2020 3:05:35 PM

Recently I was given a 3M N95 mask and I read the warning on the mask: "Use this for certain Particles. Misuse may result in sickness or death."

I called the number 1-800 247-2941 on the mask for more information and the recorded directions and information stated that if the concentration of contaminants is not known, do not use the mask. The information further stated that the employer must perform a fit test before the employee should use the mask.
