Subject: Request for Transfer of Surplus Mobile Command Trailer

Dear Sheriff Bingham,

The Modoc County Sheriff's Office respectfully requests consideration for the transfer of the 2005 Eagle 5th-Wheel Mobile Command Trailer that is being retired from service by the Lake County Sheriff's Office.

The trailer would significantly enhance Modoc County's ability to support emergency operations, incident command functions, disaster response, public safety events, and multi-agency coordination throughout our rural jurisdiction. We understand that Lake County has indicated a willingness to transfer the trailer to another public agency and we would be honored to place this resource back into active public service.

If approved, the Modoc County Sheriff's Office is prepared to coordinate all necessary documentation and logistics associated with the transfer and transportation of the trailer.

Thank you for your consideration of this request and for your continued support of public safety partnerships among California law enforcement agencies. We appreciate the opportunity to discuss the transfer further and stand ready to assist in any way necessary.

Respectfully,

William "Tex" Dowdy
Sheriff/Coroner
Modoc County Sheriff's Office
