Re: Vicious Dog owned by Jack Lodge of 2915 Rancho Vista, Lucerne, CA.
Hearing on calendar 6/20/2017 to resend animal control order to put
down the animal that recently tried to kill another dog.

Dear Board members;

There have been several Vicious attacks by dogs from the residence at 2915 Rancho Vista, Lucerne, CA. occupied by Jack Lodge in the last few years. They have attacked and killed neighbors livestock and dogs. They have attacked one of my neighbors. We in this neighborhood fear to go near the residence.

Mr Lodge seems to be completely irresponsible and a pathological liar. When his dog attacked Willy, the poodle I dog sit for Karen Kennedy, Mr Lodge denied ownership and responsibility for weeks until just before Animal Control was to put down the vicious animal. Now he wants to pretend that he is a responsible person and save the dog he denied ownership of. He has made no restitution to any of the injured parties and has ignored orders by the Court to pay damages to one of his neighbors.

Please deny his appeal and have this vicious animal put down to protect others.

Thank You for Your Attention, Robert Patton, A concerned neighbor.
