## **LAKE TRANSIT AUTHORITY PROPOSED TRANSIT HUB**

This letter affirms the City of Clearlake's support for the new Lake County Transit hub that is planned for 7175 S. Center Drive. The current hub is poorly located within the parking lot between Walmart and the new Big 5/Tractor Supply building, which creates vehicle interaction issues between cars, buses, passengers, and pedestrians.

Having a true hub with a building, bus parking, security, and an off-street location is the ideal situation for Clearlake and the population that depends on buses for their transportation. The City of Clearlake has incorporated this future project into our general plan and created a zoning interpretation that will help expedite the development process for Lake Transit Authority.

Respectfully,

A handwritten signature in blue ink, appearing to read "Bruno Sabatier".

Mayor Bruno Sabatier
