

Good morning,

HCD will require two sets of "As Built" plans showing the entire utility system and infrastructure of the park. The plans must be stamped by a licensed professional and the local building departments before submitted to HCD.

Thank You,

**Gary Wright**

**Subject:** RFR for Heart Consciousness Church

Please find attached a Request for Review (RFR) for a project that seeks to convert 15 RVs, previously approved for temporary housing of employees in the aftermath of the Valley Fire, into short-term rental units. The site, which was disturbed and paved before the fire and is currently in use, will not undergo any expansion or additional development. Existing infrastructure, including sewer, water, septic, and power, is already in place. This is just a RFR not an AB52 notice. Please provide any comments even if it is “No Comment”, to me by December 02, 2024.

All the best,

*Trish Turner*
