Re: Sole Source, Sole Supplier

To whom it may concern:

Accredited Security, a Nevada Corporation operating in Florida, is the "Sole Source" for purchases of used LE TASER® equipment, and is the sole supplier of refurbished TASER® X26 equipment.

We do trade under several different names and websites: Accredited Security, Accredited Safety, Electronic Weaponry, Electronic Weapon, Mr Stun Gun, Mister Stun Gun, Stun Gun Weapon and others, so it may appear that many other companies are doing this. However, we are all one and the same, and the only company that concentrates exclusively in this type of specialized business.

There are no other companies that purchase, refurbish and resell used TASER® equipment or do business or have ever done this business in the refurbished secondary market of the electronic weaponry industry. For over twenty years we have specialized exclusively in refurbishing genuine TASER® X26 equipment and other TASER® model weapons for resale on the secondary market.

Therefore, we are widely recognized throughout the country as the "Sole Source" for purchase of used TASER® equipment and the resale of refurbished TASER® law enforcement equipment.

Please let us know if you need any other information or if there is anything else we can do for you.

Best regards,

Jeffrey R. Wenger
