Hi Hannah,

Thank you for the additional information. The HMMP is now approved for both Caltrans projects. Please keep CDFW updated if any changes occur.

Thanks,

Harvey Tran

Hi Harvey,

I attached exhibit D – budget for Clover Creek Hitch Habitat Restoration Project.

To address your 2nd question: The HMMP on p. 2 shows that Caltrans has adequate funding to support the Clover Creek Hitch Habitat Restoration Project. *The Blue Lakes Safety Project has approximately $45,000.00 for mitigation and the Lake 20 Shoulders Project has approximately $249,000.00 for mitigation.* The language in the coop agreement discloses the current estimate ($246,491.54) that Lake County anticipates needing to support their project. This amount may change eventually, depending on the most current budget from Lake County.

Hope that helps! Let me know if you need any other info.

Thank you!

Hi Hannah,

Thank you for the attached draft coop agreement. After reviewing it, I do have a couple of questions:

1. Can you provide me with Exhibit D to look at?
2. I noticed that the draft coop agreement said that $246,491.54 shall be provided to Lake County Water Resources Department to help fund the mitigation activities. However, the first paragraph of page 2 of HMMP has a total of $294,000.00 budgeted for mitigation. Is there a reason for the difference?

Everything else looks good. Once my questions are addressed, I can provide CDFW approval.

Thanks,

Harvey Tran

Hi Harvey,

I hope you are doing well! I recently transitioned over to the mitigation team at Caltrans, and I have inherited the mitigation for 01-0H840 Blue Lakes Safety and 01-0G330 Lake 20 Shoulders from Dotrik Wilson. We made the edits that CDFW requested during the last round of reviews (based on email attached). A draft of the cooperative agreement with Lake County Water Resources Department is included in Appendix A. Our revegetation specialist Jacob Hilliard is working on an onsite channel monitoring plan for 01-0G330 Lake 20 Shoulders, which will be submitted separately for your review/approval soon.

I'm happy to host a virtual meeting to review the HMMP with you if that would be helpful. Once we get CDFW's approval, we can move forward with Lake County Water Resources Department on finalizing the cooperative agreement.

Thank you!
