

**AGREEMENT FOR FIXTURES, FURNITURE AND EQUIPMENT AT THE  
LAKE COUNTY SHERIFF OFFICE ADMINISTRATION FACILITY**

THIS AGREEMENT is entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2026 by and between the County of Lake, hereinafter "COUNTY" and One Workplace, hereinafter "CONTRACTOR".

**RECITALS**

WHEREAS, COUNTY desires to purchase and install fixtures, furniture and equipment (FFE) at the new Lake County Sheriff's Administration facility; and

WHEREAS, COUNTY has evaluated FFE systems and products for the new Sheriff Administration Facility and has determined that Steelcase products best meet the County's operational, durability, compatibility, and long-term performance requirements; and

WHEREAS, Steelcase products are available for purchase through a competitively solicited cooperative purchasing contract with Sourcewell, of which the County of Lake is a participating agency, thereby satisfying applicable public procurement requirements; and

WHEREAS, CONTRACTOR is the only authorized dealer of Steelcase furniture in Northern California; and

WHEREAS, CONTRACTOR is licensed to provide and install FFE in the State of California and is qualified and willing to provide said services.

NOW, THEREFORE, based on the foregoing recitals, the parties hereto agree as follows:

**I.  
CONTRACTORS RESPONSIBILITIES**

Contractor shall provide and install the fixtures, furniture and equipment as described in Exhibit A.

**II.  
COUNTYS RESPONSIBILITIES**

County shall compensate Contractor in accordance with the provisions set forth in Exhibit "A" attached hereto. Notwithstanding any other provision in this agreement to the contrary, the total maximum compensation to be paid for the satisfactory completion of materials and services in no event shall exceed (seven-hundred and thirty-nine thousand thirty-six dollars and 92/100 cents) \$739,036.92.

**III.**

## **TERM**

This Agreement shall commence on the date hereinabove and shall terminate on December 30, 2026, unless earlier terminated as hereinafter provided.

## **IV. DUE PERFORMANCE – DEFAULT**

Each party to this Agreement undertakes the obligation that the others expectation of receiving the performance due under the terms of this Agreement will not be impaired. Upon the occurrence of any default of the provisions of this Agreement, a party shall give written notice of said default to the party in default. If the party in default does not cure the default within 30 days of the date of that notice (i.e. the time to cure) then such party shall be in default. The time to cure may be extended at the discretion of the party giving notice. Any extension of time to cure shall be in writing executed by both parties and must specify the reason(s) for the extension and the date the extension of time to cure expires.

Notice given under this provision shall specify the alleged default and the applicable Agreement provision and shall demand that the party in default perform the provisions of this Agreement within the applicable time period. No such notice shall be deemed a termination of this Agreement, unless the party giving notice so elects in that notice, or so elects in a subsequent written notice after the time to cure has expired.

## **V. TERMINATION**

This Agreement may be terminated as follows:

- A. By mutual written consent of the parties; or
- B. By County upon 30 days written notice to Contractor.

Upon termination prior to the full and satisfactory completion of Contractor=s performance under this Agreement, County shall not be liable to pay Contractor the total compensation set forth in provision II of this Agreement, but Contractor shall be paid an amount which bears the same ratio to the total compensation as the services actually performed bear to the total services of the Contractor covered by this Agreement.

## **VI. INSURANCE**

Contractor shall not commence work under this Agreement until he has obtained all the insurance required herein, certificates of insurance have been submitted to County, and said insurance has been approved by County. The certificates of insurance shall contain a provision that coverage afforded under the policies will not be cancelled

until at least twenty (20) days prior written notice has been given to County.

Contractor shall not allow any subcontractor to commence work on his subcontract until the insurance required of the subcontractor has been obtained.

Any failure of Contractor to maintain the insurance required by this provision, or to comply with any of the requirements of this provision, shall constitute a material breach of the entire Agreement.

Certificates evidencing the issuance of the following insurance shall be filed with County within ten (10) days after the date of execution of this Agreement by Contractor and prior to commencement of work hereunder.

A. **Compensation Insurance.** Contractor shall procure and maintain, at Contractor=s own expense during the term hereof, Workers Compensation Insurance and Employer=s Liability Insurance as required by the State of California, for all employees to be engaged in work. In any case of such work sublet, Contractor shall require subcontractor similarly to provide Employer=s Liability Insurance and Workers= Compensation Insurance for all of the latter=s employees to be engaged in such work, unless such employees are covered by the protection afforded by Contractor=s Workers= Compensation Insurance and Employer=s Liability Insurance. Employer=s Liability Insurance shall be in an amount not less than One Million Dollars (\$1,000,000.00) per occurrence.

B. **Commercial General Liability.** Contractor shall procure and maintain, at Contractor=s own expense during the term hereof, upon himself and his employees at all times during the course of this Agreement, Commercial General Liability Insurance (Occurrence Form CG 0001) for bodily injury, personal injury, and broad form property damage, in an amount of not less than One Million dollars (\$1,000,000.00) combined single limit coverage per occurrence, including but not limited to endorsements for the following coverages: Personal and advertising injury, Premises-operations, Products and completed operations, Blanket contractual, and Independent contractor=s liability.

C. **Automobile Liability Insurance.** Contractor shall procure and maintain, at Contractor=s own expense during the term hereof, Comprehensive Automobile Liability Insurance, both bodily injury and property damage, on owned, hired, leased, and non-owned vehicles used in connection with Contractor=s business in an amount not less than One Million Dollars (\$1,000.000.00) combined single limit coverage per occurrence.

D. **Professional Liability Insurance.** Contractor shall procure and maintain, at Contractor=s own expense during the term hereof, Professional Liability Insurance for protection against claims arising out of the performance of services under this Agreement caused by errors, omissions, or other acts for which Contractor, its employees, subcontractors, and agents are liable. Said insurance shall be written with limits of not less than One Million Dollars (\$1,000,000.00). If said insurance is written

on a Claims made@ form, insurance shall be maintained and evidence of insurance must be provided for at least one (1) year after completion of the work under this Agreement.

E. **Subcontractors.** Contractor shall include all subcontractors as insured under the aforesaid policies or shall furnish separate certificates and endorsements to the County for each subcontractor which shall be subject to review and approval by County. All insurance coverages for subcontractors shall be subject to each of the requirements hereinabove and contain the additional insured endorsements required of Contractor described with particularity hereinbelow.

F. **Additional Insured Endorsement.** The Commercial General Liability and Automobile Liability Insurance must each contain, or be endorsed to contain, the following provision:

The County, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds and shall be added in the form of an endorsement to Contractor's insurance on Form CG 20 10 11 85. Contractor shall not commence work under this Agreement until he has had delivered to County the Additional Insured Endorsements required herein.

Coverage shall not extend to any indemnity coverage for the active negligence of the additional insured in any case where an agreement to indemnify the additional insured would be invalid under subdivision (b) of California Civil Code Section 2782.

G. **Other Insurance Provisions.** For any claims related to the work performed under this Agreement, the Contractor's insurance coverage shall be primary insurance as to the County, its officers, officials, employees, agents and volunteers. Any insurance or self-insurance maintained by County, its officers, officials, employees, agents or volunteers shall be in excess of the Contractor's insurance and shall not contribute with it.

Any deductibles or self-insured retentions must be declared to and approved by County. At the option of County, either Contractor shall reduce or eliminate such deductibles or self-insurance retentions, or Contractor shall provide a financial guarantee satisfactory to County guaranteeing payment of losses and related investigations, claim administration, and defense-related expenses.

Insurance coverage required of Contractor under this Agreement shall be placed with insurers with a current A.M. Best rating of no less than A:VII.

Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve the Contractor for liability in excess of such coverage, nor shall it preclude County from taking other action as is available to it under any other provision of this Agreement or applicable law. Failure of County to enforce in a timely manner any of the provisions of this section shall not act as a waiver to enforcement of any of these

provisions at a later date.

If any insurance coverage required by this Agreement is provided on a Claims Made, rather than Accurrence form, Contractor agrees to maintain required coverage for a period of three years after the expiration of this Agreement (hereinafter, Post Agreement Coverage) and any extensions thereof. Contractor may maintain the required Post Agreement Coverage by renewal or purchase of prior acts or tail coverage. This subprovision is contingent upon Post Agreement Coverage being both available and reasonably affordable in relation to the coverage provided during the term of this Agreement. For purposes of interpreting this requirement, a cost not exceeding 100% of the last annual policy premium during the term of this Agreement in order to purchase prior acts or tail coverage for Post Agreement Coverage shall be deemed to be reasonable.

Contractor agrees to waive all rights of subrogation against County, its officers, officials, employees, agents, and volunteers for losses arising from work performed by Contractor under this Agreement.

## **VII. INDEMNIFICATION - HOLD HARMLESS**

Contractor shall indemnify and hold harmless County from any and all claims, demands, actions, liability or loss which may arise from or be incurred as a result of the negligent performance of this Agreement by Contractor.

Contractors obligations under this Section shall survive the termination of the Agreement.

## **VIII. CONTRACTORS WARRANTIES**

Contractor hereby makes the following representations and warranties:

- A. **Standard of Care.** Contractor represents that it is specially trained, licensed, experienced, and competent to perform all the services, responsibilities, and duties specified herein and that such services, responsibilities, and duties shall be performed, whether by Contractor or designated subcontractors, in a manner according to generally accepted practices of the (ex. legal/medical/engineering) profession.
  
- B. **Non-Discrimination in Employment.** In the performance of the work authorized under this Agreement, Contractor shall not unlawfully discriminate against any qualified worker because of race, religious creed, color, sex, sexual orientation, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or age.

- E. **Safety Responsibilities.** Contractor will adhere to all applicable CalOSHA requirements in performing work pursuant to this Agreement. Contractor agrees that in the performance of work under this Agreement, Contractor will provide for the safety needs of its employees and will be responsible for maintaining the standards necessary to minimize health and safety hazards.
- F. **Interest of Contractor.** Contractor hereby covenants that he has, at the time of the execution of this Agreement, no interest, direct or indirect, and that he shall not acquire any interest in the future, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this Agreement. Contractor further covenants that in the performance of this work, no person having such interest shall be employed.

#### **IX. ASSIGNMENT**

Contractor shall not assign any interest in this Agreement and shall not transfer any interest in the same without the prior written consent of County, except that claims for money due or to become due the Contractor from County under this Agreement may be assigned by the Contractor to a bank, a trust company, or other financial institution without such approval. Written notice of any such transfer shall be furnished promptly to the County. Any attempt at assignment of rights under this Agreement except for those specifically consented to by both parties or as stated above shall be void.

#### **X. INDEPENDENT CONTRACTOR**

It is specifically understood and agreed that, in the making and performance of

this Agreement, Contractor is an independent contractor and is not an employee, agent or servant of County. Contractor is not entitled to any employee benefits. County agrees that Contractor shall have the right to control the manner and means of accomplishing the result contracted for herein.

Contractor is solely responsible for the payment of all federal, state, and local taxes, charges, fees, or contributions required with respect to Contractor and Contractor=s officers, employees, and agents who are engaged in the performance of this Agreement (including without limitation, unemployment insurance, social security, and payroll tax withholding).

#### **XI.** **MODIFICATION**

This Agreement may only be modified by a written amendment thereto, executed by both parties. However, matters concerning scope of services which do not affect the agreed price may be modified by mutual written consent of Contractor and County executed by the Public Services Director or his Designee.

#### **XII.** **ATTORNEYS FEES AND COSTS**

#### **XIII.** **OWNERSHIP OF DOCUMENTS**

All non-proprietary reports, drawings, renderings, information, and/or other documents or materials prepared by and/or submitted to Contractor hereunder shall become the property of County. In the event of the termination of this Agreement for any reason whatsoever, Contractor shall promptly turn over all said reports, drawings, renderings, information, and/or other documents or materials to County without exception or reservation.

#### **XIV.** **RECORDS - AUDIT**

Contractor shall maintain on a current basis complete books and records relating to this Agreement. Such records shall include, but not be limited to, documents supporting all bids [if applicable], all income, and expenditures. These documents and records shall be retained by Contractor for at least five (5) years from the completion of this Agreement. Contractor will permit County to audit all books, accounts, and/or

records relating to this Agreement and/or all accounts or records of any business entities controlled by Contractor who participated in this Agreement. An audit may be conducted on Contractor=s premises, or at County=s option, Contractor shall provide all books and records within a maximum of fifteen (15) days of Contractor=s receipt of written notice to do so from the County. Contractor shall refund any moneys erroneously charged.

**XV.**  
**JURISDICTION AND VENUE**

This Agreement shall be construed in accordance with the laws of the State of California and the parties hereto agree that venue of any action or proceeding regarding this Agreement or performance thereof shall be in Lake County, California. Contractor waives any right of removal it might have under California Code of Civil Procedure Section 394.

**XVI.**  
**RESIDENCY**

All independent contractors providing services to County for compensation must file a State of California Form 590, certifying California residency or, in the case of a corporation, certifying that they have a permanent place of business in California.

**XVII.**  
**NO THIRD-PARTY BENEFICIARIES**

Nothing contained in this Agreement shall be construed to create, and the parties do not intend to create, any rights in or for the benefit of third parties.

**XVIII.**  
**SEVERABILITY**

If any provision of this Agreement is held to be unenforceable, the remainder of this Agreement shall be severable and not affected thereby.

**XIX.**  
**NON-APPROPRIATION**

In the event County is unable to obtain funding at the end of each fiscal year for services required during the next fiscal year, County shall have the right to terminate this Agreement, without incurring any damages or penalties, and shall not be obligated to continue performance under this Agreement. To the extent any remedy in this Agreement may conflict with Article XVI of the California Constitution or any other debt limitation provision of California law applicable to County, Contractor hereby expressly and irrevocably waives its right to such remedy.
