RE: BRIC/FMA 2023: Spring Valley Lake Drought Resiliency Project

Dear Administrator Criswell,

On behalf of CSA-2 Spring Valley Water I support this application for BRIC funding and authorize the County of Lake through the Special Districts Department to apply for funding. The Spring Valley water district has almost 500 connections and based on census data serves a population of approximately 1,150 people. The community of Spring Valley is a Census Designated Place and meets the requirements of the BRIC program as an Economically Disadvantaged Rural Community.

Lake County Special Districts Administration manages the water district for the community and the point of contact is:

Scott Harter, Administrator
