Hi Jessica,

Marilyn Holdenreid sent me an email this morning. Thank you for putting this forward to the BOS and public input!! I oppose the name change. An advisory vote included on our November ballot sounds great. I will try to attend the meeting, but I have an earlier commitment that I may not be able to change. My family has lived in Kelseyville proper for over 40 years and we are all registered members of a federally recognized native american tribe. I do not find offense in the name Kelseyville. I stand solidly with the Save Kelseyville Committee.

From Marilyn:

Supervisor Jessica Pyska has come forward to hold a special BOS meeting this coming Tuesday. The purpose of the meeting is:

#1 Should an Advisory Vote be included on the November 2024 ballot

#2 Who should be allowed to vote on the issue: only the residents of the Kelseyville Unified School District... OR residents of the whole county.

Our Save Kelseyville Committee is recommending that the Advisory Vote should be included on the November ballot and ONLY the residents of Kelseyville Unified School District boundaries. In our opinion, it is only FAIR that only our Kelseyville townspeople should vote on this issue. We are the ones who are affected.

Thank you!
