Subject: Cannabis ordinance 7/14/26

We support item N section 27 regarding greenhouse cultivation. As neighbors to a permitted Cannabis grow, we should not be subject to the continued nuisance of the foul odors emanating from their greenhouses. When we raised concerns during the original permit process, we were told we wouldn't notice any odor because the greenhouse would have filters to control this. This has not been the case, so something needs to be done. Allowing roll-up sides obviously makes filtration pointless. Please approve and enforce closed greenhouses and proper filtration to eliminate odors to the neighboring properties.
