Lakeport, CA. 95453

Reference: Bid#18-16 - Patrol Boat  
21-23' DeepVee Aluminum Patrol/Rescue Boat and Trailer

To Whom it May Concern:

Thank you for the opportunity to bid on your lake patrol boat. We have bid our Rogue Jet "Coastal" model boat. This boat would be exactly like your pervious boat you purchased from us earlier this year. The boat will be 22' in length with a 102" beam, 78" bottom width, and upgraded to the 1/4" (.250") thickness bottom. The boat will also have our Rogue Jet "Guardian" all welded aluminum trailer custom built to the boat. Any of your local marine repair facilities can do warranty work. We want to be notified prior to work to instruct on proper repair.

The Mercury outboard engine of course needs an authorized Mercury repair center. I do notice on the bid you are requesting we supply the Whelen emergency light bar, siren, controller and the transom Whelen blue/white LED lights. Last year you supplied these items and we installed them for you. If you supplied these items as last year the bid price can be reduced by \$3,000.00.

Thank you,

A handwritten signature in blue ink, appearing to read "Bruce C. Wassom", with a horizontal line extending to the right.
