We urge you to proceed carefully. Re-opening businesses that will keep social distancing effective and mandating all persons to wear face masks is the proper next step. We, as a community, have invested the last couple of months to try and contain the spread of the Covid-19 virus. Let's not throw all of that away just to go shopping or out to eat at a restaurant. The BOS needs to pass an ordinance or decree that mandates the wearing of face masks (in the proper way) by all persons in public places. If the county fails to enact such an ordinance or decree then my family will not shop in Lake County.
