STAFF REPORT	
RE: Consideration of Letters of Support for Lakeport Fire Protection District FY27 Senate Appropriations Earmark Requests – New Fire Station Land Acquisition	MEETING DATE: 03/03/2026
SUBMITTED BY: Kevin M. Ingram, City Manager	
PURPOSE OF REPORT: <input type="checkbox"/> Information only <input checked="" type="checkbox"/> Discussion <input checked="" type="checkbox"/> Action Item	

WHAT IS BEING ASKED OF THE CITY COUNCIL/BOARD:

The City Council is being asked to consider authorizing the Mayor to sign letters of support for the Lakeport Fire Protection District’s Fiscal Year 2027 Senate Appropriations Earmark requests submitted to Senators Adam Schiff and Alex Padilla. The requests seek federal funding assistance for the acquisition of property located at 440 North Main Street in Lakeport for the future development of a replacement fire station.

BACKGROUND/DISCUSSION:

The Lakeport Fire Protection District (LFPD) is currently evaluating the purchase of approximately one acre located at 440 North Main Street, which is presently developed as an auto body shop. The site is directly across from the District’s existing fire station and is being considered as a potential location for a future replacement facility.

The District intends to pursue \$1.8 million in federal Fiscal Year 2027 Senate Appropriations Community Project Funding to assist with land acquisition costs. According to the Fire District, the property owners are interested in selling in the near future, creating a time-sensitive opportunity to secure a strategically located site that supports long-term emergency response needs.

The City of Lakeport and LFPD maintain a long-standing partnership in providing emergency services within the community. Continued investment in modernized fire protection facilities supports regional emergency response readiness, enhances firefighter safety, and ensures that critical services remain centrally located within the City.

Although the City is not the project sponsor, local letters of support are commonly requested as part of the federal appropriations process to demonstrate regional collaboration and community backing.

Given the compressed timeline for submittal, staff is bringing this request forward at the earliest opportunity for Council consideration.
