

Subject: Endorsement for Highland Farms UP 20-96

Dear Esteemed Board Members,

I am writing to express my enthusiastic support for Highland Farms UP 20-96, a project that promises to be an invaluable asset to Lake County.

My name is Josh Crossney, and I am the Founder of the Cannabis Science Conference, the largest global event dedicated to the cannabis industry. Our conference attracts over 3,000 top professionals from around the world and focuses on advancements in analytical testing equipment, laboratory design, and scientific innovation.

I have had the privilege of working with Ms. Autumn Karcey for nearly a decade. Ms. Karcey is a renowned thought leader in the cannabis industry, excelling in the design and development of farms, greenhouses, and laboratories. Her commitment to excellence is unparalleled, and she has developed facilities for nearly every major cannabis brand, gaining extensive international experience in the process.

Ms. Karcey has been a keynote speaker at our conference multiple times and has led our Canna Boot Camp series. Her leadership and respect within the community are a testament to her expertise. Her contributions have been invaluable to our conference and the broader cannabis community.

The Highland Springs project represents the pinnacle of Ms. Karcey's career. With a focus on medical research and genetics, this project promises to offer significant benefits to immune-compromised patients. I hope the Board recognizes the immense value this project will bring, not merely as a cannabis farm with substantial tax revenue, but as a hub for groundbreaking research and development in the field.

Thank you for considering my perspective.

Sincerely,

A handwritten signature in black ink, appearing to read 'Josh Crossney', with a stylized, flowing script.

Josh Crossney
