Good afternoon Michael,

I'm assisting the cannabis team with some applications. The project "UP 21-07", Little High Valley Road, is apparently within your area of interest according to a 2021 email received by the County.

This application has gone through four or five planners, and I don't see anything that says that a consultation was held on this one.

I don't think the CEQA documents were uploaded to the State Clearinghouse; I searched back to Jan. 1, 2021 – the application was submitted to the County on Feb. 10, 2021.

Let me know if you still want to hold Consultation and I will schedule it. Also, some Tribes like to have the applicant present – if this is what you want, please let me know, otherwise I'll just invite you assuming you still want to hold consultation of course.

Take care,

Eric Porter

Good Afternoon Katherine,

This proposed Project is located within Middletown Rancheria's Area of Concern (AOC). We kindly request further consultation with the County and applicant. By any chance, was there a Cultural Resources Study (CRS) submitted? We look forward to hearing from you soon.

Good Morning Fellow Agencies,

This email is a request for review for Major Use Permit (UP 21-07). I have included the RFR for your convenience, including Property Management Plans, Site Plans, Well Report, and other relevant documents.

Please advise us if additional information is needed, which permits are required from your agency (if any), and of your environmental concerns. Additionally, please advise if your agency recommends any modifications to the project that would reduce potential environmental impacts.
