Santa Rosa, CA 95407

Dear Ken:

The Hidden Valley Lake Community Services District (District) received your April 11, 2005 letter asking if the District can provide water capacity needs of 0.25mgd and sewer capacity estimates of 0.15mgd.

The District has more than enough capacity to provide water and sewer services to a project of this type.

If you have any questions, please contact the District Office at (707) 987-9201.

Sincerely,

Mel Aust

Dear Rick:

Thank you for the opportunity to submit comments and corrections to the Draft EIR on the Valley Oaks Planned Development Project. The Hidden Valley Lake Community Services District (Hidden Valley Lake CSD) submits the following comments and corrections:

- Page 4.8-2 – Last sentence is incorrect. It should state the Hidden Valley Lake CSD owns the water rights to Hidden Valley Lake not the Hidden Valley Lake Association.
- Page 4.14.1 – Please delete Well #1 on Grange Road and replace with Well #4
- Page 4.14.3 – 2nd paragraph, should read, “six water treatment booster pumps and the capacity is 500 gpm at each pump. The Greenridge booster pump station pumps are also at 500 gpm.
- Page 4.14.3 – 3rd paragraph, should add Tank 1C with storage capacity of 500,000 gallons and Tank 4B with an additional 500,000 gallons for a combined total of all storage tanks at 1.15 to 2.15 million gallons.

If you have any questions, please contact the District Office at 987-9201.

Sincerely,

Mel Aust
