

Good morning Bruno, I was just reviewing tomorrow's agenda and noticed the proclamation for Calpine! I have to say I am excited to see them receive recognition for their investment in our community. Calpine has been a wonderful partner and supporter of Lake County Farm Bureau and many other organization's including California Women for Agriculture and the AgVenture program specifically. I could not think of a better way to honor them for their support. I will be attending tomorrow in support!

Best,
Rebecca Harper
