Eric,

It looks like the hand written document and the photos were submitted by my wife and I. We absolutely did not submit these documents, and if Mr. Gayaldo did, then you, in all fairness should have documentation that it was Mr. Gayaldo, not Laurie DeLeon and Mark Burch, and not follow these documents in correspondence that makes it look like we did. We would never submit something unprofessional like that. It certainly has been made to look like we did. We will now prepare our document in response to the staff report. Ripe Choice has been operating a business without a permit and hold a minor use permit in which they have admittedly been in violation of. My wife and I have to wonder how this could have played out if we would have been respected and heard in the beginning.

Regards,

Laurie DeLeon
Mark Burch

Mr. Burch,

Attached are the comments that had come in when the Planning Commission packet was uploaded for the public. Since that time we have received roughly 20 comments in support of this proposed project. I will forward those to you if requested.
