Asbestos Abatement

Abatement Proposal:

Please accept the following as our proposal for the removal of asbestos containing materials from the above referenced location.

Scope of Work:

Remove, transport and dispose of asbestos containing building materials and contaminated debris as listed below.

Structure Footprint:

Remove and dispose asbestos gaskets with asbestos debris 100%.
Remove and dispose asbestos contaminated ash debris (+/- 600 sq. ft.).
Hepa-vac and detail work area.

\$7,970.00

Engineering Controls:

Provide engineering controls for all "friable and/or non-friable materials" by establishing site access controls, critical barriers, building or area containment, decontamination facilities and negative-air system. Contractor requires control of the work area until final air clearance levels have been achieved.

\$ 975.00

Project Duration:

It is estimated that this project will take 2 to 3 days for completion.

Page 2

Notification:

Notification to the EPA/Air Quality District is required for this project.
Notification requires a ten-day lead time prior to the performance of work.

Included

Final Clearance:

Provide "final air clearance".
Air clearance samples will meet or exceed EPA recommended level
of 0.01f/cc as determined by Phase Contract Microscopy analysis.

By Others*

*Property owner is responsible for cost of final clearance.

Contract Price:

Total cost of the above work to be:

\$8,945.00

Conditions/Exclusions:

1. All work shall be performed in strict compliance with EPA, OSHA, and local air quality regulations.
2. Owner to provide contractor with water and power.
3. Replacement of all removed materials is excluded. General debris is defined as loose contaminated materials. No removal of structural items, framing or other materials included unless so stated.
4. Select Environmental shall make all reasonable effort to limit additional damage due to abatement.

Select Environmental shall not be responsible for consequential damage arising from necessary abatement and removal procedures.
Such as but not limited to: Tape and/or staple damage to finished surfaces, moisture damage or damage to driveways, walks or concrete surfaces, etc. No claim for damage or missing items will be honored unless presented within fourteen (14) days of completion of abatement activities.

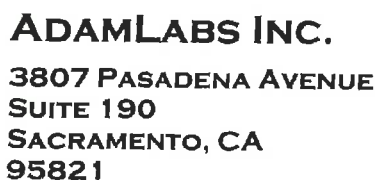

Limitations:

This proposal is valid for sixty (60) calendar days for services to be performed within ninety (90) days of this proposal.

Sincerely,

Harold Williams
Select Environmental
