

VICINITY MAP

The vicinity map shows a network of roads and property boundaries. A yellow polygon with a black 'X' marks the approximate location of the proposed tower. The polygon is situated south of a road labeled '20'. A red line indicates a proposed route or boundary. A yellow box with the text 'Approx. Location of Proposed Tower' points to the yellow polygon. An aerial photograph in the bottom right corner shows the terrain with a red arrow pointing to the tower's location.
