

Project Title: LOCO: Major Use Permit (UP 21-09)
Project Location: 21080 Loconomi Rd. Middletown, Ca 95461
APN No: 014-140-12

Oct 20, 2022

Andrew Amelung,

This is Lauren Fuller at 21125 Loconomi Rd. I will not be attending the hearing set for October 27 at 9:10 because of work. Some of the neighbors will attend the hearing. I have reached out to them all to discuss conditions of the grow if approved.

First and foremost we as a neighborhood on Loconomi Rd **oppose** the pot grow at 21080 Loconomi Rd. titled LOCO.

We would like to submit some requests of the project if the permit is issued as followed:

1. All employees of the grow must be respectful and considerate coming down our gravel road. They must drive slow. They may not loiter or litter.
2. The project site will be maintained in a family friendly manner and as discrete as possible so as to not diminish the value of our homes.
3. The best technology in irrigation should be used as an effort to conserve water.
4. Project owners will help care for and maintain the road, called Loconomi Rd. Project owners will install speed bumps at their own expense.
5. No on site camping by employees.
6. Owners will take full responsibility for all employees and any workers that come to the site and will be accountable for their conduct.

We appreciate your time.

Thank you,

Lauren Fuller
