Patrick,

I sent you two emails with a letter , have not heard from you

I plan to come to your office tomorrow. I will leave SF 6 am , should be lakeport around 930am . It is 3 .5 hours driving one way and I need to go back around noon , in order to work in Berkeley at 330pm.

I want \$5000 deposit back , it will be my own money since it is not error for other trust members.

I try to use the \$5000 and add money to buy a useful land to build affordable tiny houses for the lake county program.

Per program, they may help to build houses . If so , that will greatly benefit lake county low income population.

For potential win-win situation, it worth me to drive 7 hours .

I will call later today to have references. See you tomorrow.

Wen

Patrick,

We are interested house in lake county , but we can use \$5000 deposit for land with utilities access so that a mobile home can be installed quickly.

Since i have bad vision to look at 900 parcels, please narrow these and update me.

We try to get win-win situation.

Thanks
