Don,

I just had my CAT Salesman (Kevin Freeman) quote me a brand new CAT CW14, the newest model of 9 wheel rollers, and he quoted me \$120,000. This price includes the government discount. I hope this helps.

Rob,  
Thank you for the quote. We will now be starting our purchase procedure.

A quick question:

Do you know of the top of your head about what the cost of one of these rollers would be for a New PS150 C (or maybe "D" by now) 2017 T4 ?

I already know what the used machines are going for I am just getting my background info together.

Thanks for your assistance.

Don
