Mireya,

Laurie Dohring, has retained my professional services as an environmental planner to prepare several environmental documents to support her acquisition of permits for her Bell Haven Homeowners Association dock project: an Initial Study/Mitigated Negative Declaration for Lake County, and a Clear Lake Hitch Biological Assessment for California Department of Fish and Wildlife.

Sincerely,
Aldaron

Hi again Aldaron,
Sorry to keep bugging you, but I was wondering if you could send me something in writing regarding Ms. Dohring retaining you to conduct a biological report. I would like to add it as an attachment in my staff report to speak to the progress since the last appeal hearing.
Much appreciated.

Cordially,
Mireya G. Turner
