Lake County Board of Supervisors:

The Friends of the Middletown Library just completed a challenge fund raiser to provide funds for the children's section of the Middletown Library. The FML has donated thousands of dollars for various library needs, but this time we wanted to earmark our gift to the children in our community and to give a substantial gift that would really make a difference. Our goal was to raise \$5,000 dollars, that our group would then match, so that we could donate \$10,000 for books and other materials.

We are pleased to announce that our fundraiser was a success, and that we are proud to present a check for \$10,000 to Christopher Veach, Head Lake County Librarian. We are thrilled with his plans for this funding, and we know these new materials will make a huge impact on the children's section and in our community.

We wish to thank all the wonderful donors to the project, and to Christopher Veach for his constant support and guidance of the Lake County Libraries. We hope that as board members you will continue to support our public libraries in every possible way.

Sincerely,
