Quant.	U/M	Description	
2	Each	Goulds AquaForce VFD Duplex Booster Stations Model # V2VEC6G30B2GK	\$40,300.00
1	Lot	Plumbing & Electrical Installation Materials	\$2,550.00

Note - Freight is not included in this estimate. Each unit weighs 1667 Lbs and will ship from Goulds, New York. Lead Time is 4-6 weeks as both units need to be built.

Installation Labor: \$3,300.00
Tax @ .0725%: \$3,106.63
Total Cost: \$49,256.63

Description of work to be performed:

Remove old pump station units with the help from maintenance personnel. Install new units with necessary plumbing and electrical. Suction and discharge piping will be plumbed in PVC sch 40. Both duplex units are identical and will be controlled by variable frequency drives. Each skid is equipped with (2) VFD controllers for each pump and a service disconnect panel where existing electrical service will enter.

General Exclusions:

Anything that is not stated in this contract no.2184 Revised. Winterization, Insulation of pumping, piping or treatment equipment.

This Contract No. 2184 Revised is a **ESTIMATE (approximate)** which is to be paid at job completion.

In signing this contract you the buyer, owner or agent of buyer or owner acknowledge receipt of and understand page 2 of this contract " Notice to owner."

This Contract No. 2184 Revised will become void if not accepted within 30 days of its composed date.
