Board of Supervisors  
255 North Forbes Street  
Lakeport, CA 95453

Dear Members of the Board of Supervisors:

Enclosed please find new membership applications for two members of the Lake County Child Care Planning Council.

Gina Lyle-Griffin, The council has approved her application and requests that you please approve her application as a new member in the Discretionary Seat. Gina used to serve on the council when she was employed with Lake County Office of Education. Her new role with the health department in managing and coordinating the Lead Poisoning Prevention Program and the tobacco education program help in making sure our youth in Lake County get the right education to prevent tobacco use. For this reason and her extensive background working with children 0-5 make her a great candidate for the council. The council has already voted to approve Gina's application and requests that you please approve her application as a new member in the Discretionary Seat.

Kim Gentle, Director of Programs at Lake Family Resource, currently serves on our council as a Consumer and has brought a new application to be moved into the Child Care Provider seat. She is making this request as she no longer has children in child care and would serve better in the Child Care Provider seat. The council has already voted to approve this change and requests that you please approve her application as a new member in the Child Care Provider Seat.

In order to finalize the elections we need to ask for your final approval. We would appreciate your expeditious handling of this matter so we can proceed with business as usual.

October 25, 2017

Greetings council members,

It is with great excitement that I submit my application to once again be considered as a council member with the Lake County Child Care Planning and Development Council.

I believe that I am qualified for these reasons; I served in the past as a council member and as a co-chair. I have spent 33 years working directly with children, parents, staff, and administrators. I love teaching, collaborating, and facilitating with adults, students, staff, and peers. I have found much fulfillment in the past working directly with parents utilizing the Nurturing Parenting Program around the lake and at the county jail. I was a home visitor for two years which brought me directly into the living environments of a wide range of families of every configuration. I have been directly responsible for multiple state preschool classrooms, staff, and state licensing and educational requirements in my role as Program Coordinator for 10 years.

Because of these experiences, I feel I possess a broad perspective for many representative people and groups in the community as it pertains to early childhood and all it encompasses. I know that I can bring a multi-faceted view to the council, as well as energy and humor. I like to suggest new and different ways of approaching reoccurring events and issues. I like to ask questions that help form ideas.

In my newest employment, I am working with Public Health managing and coordinating the Lead Poisoning Prevention Program and Tobacco Education Program. Both exposures are toxic and carry potential health and developmental dangers for young children. In this new work, I have learned more about public policy and health programming as well as how to include and disseminate information to decision makers so that they have statistics and data at their fingertips.

My education, credentials, & permits consist of;  
BS in *Early Childhood Education*  
AS in *Child Development and Family Relations*  
Career and Technical Education Credential in *Education, Child Development, and Family Services*,  
Adult Education Credential in *Parent Education*  
Director's Permit issued by the California Teacher Credentialing Commission

I have been attending LPC meetings for 11 years. I have seen the ebb and flow and growth of many LPC programs, creations, community events, and visions as they came to fruition and branched off into other areas. I enjoy being part of that process. As early childhood care and education has grown and changed so has the council and there is always work to be done.

Thank you for your consideration,  
Sincerely,

  
Gina Lyle-Griffin

I have worked in the early childhood education community for nearly a decade. I have always been involved in organizations that strengthen our community and bring about a higher quality of early childhood education. I have recently obtained position as the Director of the Big Valley Zancherian Preschool and believe I can be a strong link to the native community.
