RE: 21' to 23' Deep Vee Aluminum Patrol Boat

Dear Sirs,

This bid has been prepared by Jordan Allen for Almar by North River Boats. My Contact information is: <u>Jordan@northriverboats.com</u> and (541) 673-2438 Ext. 127

I have prepared our Proposal for one of our 21' x 8' 6" Seahawk, Outboard Patrol Vessel powered by a 250hp Mercury Verado outboard engine. This Patrol Vessel has a Forward, Walk-through windshield with a canvas top, supported by a rigid aluminum topframe.

Our Proposal meets or exceeds all bid specifications listed within the bid package. This Seahawk Patrol Vessel has proven to be an extremely stable and smooth riding platform. The hull that we have based our proposal on, has been in Commercial / Law enforcement use for many years with excellent success

All standard features are listed within the enclosed, North River quotation sheet and all specified items are listed by line item with a brief description of each option. If further information is needed, please do not hesitate to contact me. Further information can be found via our website: www.northriverboats.com, or please feel free to contact us by phone or email anytime.

Regards,

Jordan Allen
