What I have to offer the Lakeport Fire Protection Board of Directors:

I have unique qualifications in owning and operating multiple successful businesses over the past three decades.

I am an Enrolled Agent with the Internal Revenue Service. This license, coupled with years of experience in this field, gives me the ability to understand budgets and guide others in managing those funds. Many of those duties I learned as accounting clerk for the South Shore Court system, in the late eighties, early nineties. In that position I handled the courts monthly budget reports and breakdowns on the county and state level.

I have been elected to both private and public boards in the past. I'm able to understand fiscal responsibility, as it relates to private and public entities. I understand the need for community involvement and believe it is important to strengthen those bonds for this department.

Being native to Lake County, I fathom the social economics and stresses the county faces. Comprehending the devastation of the wild fires over the past four years and the burden those fires have placed on our emergency services for the fire department here in Lakeport and around the County.

A large part of my childhood was spent at the Lakeshore Fire Department with my Father Gary Lambert, Board Member and Captain and my Mother Ellen Lambert, an EMT and Women's Auxiliary member.

As a 52-year resident, I truly understand the beauty Lake County holds for residents and tourists alike.

I can bring a different perspective as a Board Member with some proactive approaches to current issues being faced.
