MEMORANDUM

To: Vendors

From: Sgt. Andy Davidson

Subject: Bid request for repower of a 2011 24' aluminum patrol vessel

Date: October 19th, 2018

In August of 2018 our vessels engine suffered a catastrophic failure. Our state inspector requested the engine be replaced rather than rebuilt as it has been rebuilt in the past.

The vessel is a 2011 24' Alumaweld patrol vessel. The engine we want to replace is a 502L Magnum. The out drive on the vessel is still serviceable. The out drive is a Mercury Bravo 3 "X" drive with a 2.00:1 ratio.

Please give us a bid for removal of our engine and disposal of the engine.

The all new engine needs to be installed and lake tested.

If you have any questions on the bid, please contact me.
