Re: Memo of Support

This shall serve as a letter of support on behalf of Adventist Health Clear Lake Medical Center for Lake County Public Health to pursue a new LEMSA to serve Lake County's pre-hospital care needs. This service is currently provided by North Coast EMS.

Over the years our needs in pre-hospital care have changed and our LEMSA has not been able to adapt to those changes. Prehospital operations are hindered through slow policy change responses, lack of communication and outdated information sharing. Operating in a rural area where resources are thin, our need for proactivity and cutting-edge policies are crucial.

Adventist Health Clear Lake Medical Center is willing to help facilitate this change. Please feel free to contact Mrs. Assavapisitkul (707)-995-5827 if you have any questions.

Sincerely
