Re: Draper Smith Use Permit  
(UP 18-25 and UP18-26)

I'm a resident and own property at 9545 Penson Ct in Kelseyville across Bottle Rock Road from this marijuana cultivation project.

I have concerns about the project because of the smell of the marijuana that is very strong in the fall. I also have concerns about the effect of the property value of my home and others in the neighborhood. I object to the project and please do not approve it.

Respectfully,

A handwritten signature in cursive script, appearing to read "William Attebery".
