Subject: [EXTERNAL]4.4, Consideration of COVID-19 "Great Plates Delivered" program

Dear Lake County Board of Supervisors,

Currently, our restaurants are either closed or struggling. Our at risk seniors are housebound and many have multiple challenges in regards to purchasing food and preparing nutritious meals.

The "Great Plates Delivered" program sounds like it will be a huge help for our local restaurants. And the tiny cost to our County should be returned in sales taxes. Also, it will return employment opportunities in the preparation and delivery aspects of this program.

Please considering the approval of this program. Details can be worked out by County employees that are currently furloughed.... thinking the Behavioral Health Department.
