To the clerk,
for the public comment section for items not on agenda.

My son who is still unemployed from the Lake county work force has been waiting for his check for 7 weeks now. I mentioned this to Mr. Simon. He tried the computer and it kept crashing. He tried the office in Lakeport and they were closed.
He tried phoning and no answers.

I was finally able to find a friend who has a business with a printer to open his shop and print the 12 pages. After 2 weeks he filled out the form and finally sent it in. Still haven't heard a thing. I sent an email to McGuire and Curry informing them and only Curry's office responded.
She is waiting for a response from EDD.

Can the BoS do anything? He is broke and no money and if you were to call him back to work he couldn't get there anyway.

I am sure there are other workers in the county in the same boat.

Sincerely,
Mike Raffanelli
Lower Lake
