---

To the clerk,

I sent this in last week to be read at the board meeting and the only one you read was the one about water, lakes and dams.

Please read this time -----for the public comment section for items not on agenda.

Supervisor Simon and board,

My son who is still unemployed from the Lake county work force has been waiting for his check for 8 weeks now. I mentioned this to Mr. Simon. He tried the computer and it kept crashing. He tried the EDD office in Lakeport and they didn't answer the phone or the door.

I was finally able to find a friend who has a business with a printer to open his shop and print the 12 pages. After 2 weeks of being laid off he finally filled out the forms and sent it in. Still haven't heard a thing. I sent an email to McGuire and Curry informing them and only Curry's office responded. She is waiting for a response from EDD.

Can the BoS do anything? He is broke and no money and if you were to call him back to work he couldn't get there anyway , unless he borrows money.

I am sure there are other workers in the county in the same boat.

Sincerely,

Mike Raffanelli for my son Neil

Lower Lake
