**Subject:** [EXTERNAL] Public comment on Urgency Ordinance

(I hope this is where I can leave my comment) This is regarding item 7.4 on the Board of Supervisors agenda tomorrow. I request a vote "yes" on the Urgency Ordinance. My reason is: I believe there need to be compliance officers to ensure that Directives of the Public Health Officer are followed. I don't believe protection from CoVid-19 Will be taken seriously if we do not have enforcement officers in place. This included willingness to follow safe distancing protocols, masking and sheltering in place. Please pay attention to the recent spikes nationwide and vote yes for this ordinance.

Thank you very much!
