**Please Vote NO on the**  
Urgency Ordinance Covid-19 Compliance  
Memo: 20-578

I feel this is unjust for business owners.  
This is a violation of my rights as a citizen.  
I know my risks of daily life.  
Do Not FINE businesses for non-compliance of Temporary orders.

I've included information from the World Health Organization. If you look at page 8 under **Potential Harms/Disadvantages** The likely disadvantages of the use of mask by healthy people in the general public include: .....

I am against wearing masks. I feel it is my choice for my health risk or side effects of not wearing one. I take risks everyday to survive.  
I also feel very threatened with all the masks on everyone because I am not able to see faces and see emotions and feeling. We hide our faces when we have something to hide.

I also feel business establishments should have the right to operate in the manner they feel safest for their employees and customers.

This would be a detriment to our community after all we have been through to fine business. We are having businesses close daily. I do not feel this will benefit our county in any way positive.

Thank you,
