**Subject:** [EXTERNAL] Imposing fines  
**Date:** Monday, June 15, 2020 9:43:56 PM

---

You do not have the authority to impose fines for masks, non compliance with social distancing etc. The threats you have already presented have been the sole cause of numerous business to close their doors for good, unable to financially survive. With your regulations, it will be impossible to continue in business and more and more will have to close, giving up years of building dreams and a life. This has to stop now.
