RE: Correctional Food Services Agreement

Dear Lt Findley:

It continues to be an honor and a privilege to provide inmate food services at the Lake County Jail. As you are aware, the Agreement provides for scale pricing, with the lowest average daily population accounted for on the scale being 200 inmates. In an effort to combat the spread of COVID-19 Lake County has been forced to lower its inmate population which has dipped below an average population of 200 inmates. Consequently, the Agreement has no pricing mechanism for the existing population count.

Trinity has prepared the attached Amended Price Per Meal Scale to extend the lower end of the existing price per meal scale to address population declines down to an average daily population of 100 inmates. If this meets with your approval, please sign below indicating your consent. The effective date of this amendment will be May 1st 2020, the date average inmate population dropped below 200.

Trinity sincerely appreciates the opportunity to serve the Lake County Sheriff's Office. Thank you for your business. We will always strive to exceed our client's expectations and I urge you to call me if you ever have any questions or concerns regarding the food services we provide.

Very truly yours,

Mark Horneffer
District Manager
(520) 904-4048
