5/13/2020

Dear Supervisor Brown, The Cobb Area County Water District has been asked by the State of California to include the Alpine Meadows Sub-Division in our consolidation so the people of this community can finally have safe reliable potable drinking water. The Struggle we are currently facing is there are currently no established easements to run water main and services. I have spoke with Gordon Haggitt on this matter and he informed me that in 1961 the original Sub-Divider had made an offer of dedication to give these roads to the County of Lake it was then rejected by the Board of Supervisors (B.O.S.) on Oct. 2<sup>nd</sup> 1961. Now according to Government Code 66477.2. The offer of dedication to the County of Lake remains open and the Cobb Area County Water District is asking if we could have this item put on the B.O.S. agenda and have the offer of dedication of Alpine Ave., Pine Point Rd., Meadow Dr., and Fawn Ct. accepted by The Lake County B.O.S. and reject the maintenance and upkeep of said roads in the Alpine Meadows Sub-Division. Once they become unmaintained county roads, we would have access to put our water main in the roads and run services to the homes.

Please contact me if you have any questions on this matter. (707) 295-6664

Thank You, California Howland

District Secretary Cobb Area County Water Dist.
